

Challenge

Impact Ministries has 10 schools with over 1600 students. Our strong academic program and loving environment is having a positive impact on entire communities!

Our Guatemalan teachers act as national missionaries, evangelizing and discipling their students and their families. They have been working at incredibly low monthly salaries.

Child sponsorship does not fully cover the cost to run the schools and to properly compensate our dedicated teachers.

As our ministry expands and the number of children being educated grows, the amount of money to operate the Vida Schools has continued to increase. General donations to "where most needed" are no longer enough to bridge this gap.

Opportunity

For \$50/month you can support a class of students and watch them grow and develop as they advance through school.

Supporters will look forward to communication from their class twice each year!

As funding is available, we plan to:

- Increase our teachers' salaries to be more equitable.
- Enhance the daily meal provided to our students by including more protein. For many students this is their only meal of the day.
- Strengthen the students' education by providing classes with more resources such as textbooks and classroom supplies.
- Enhance educational facilities, including additional computer and science labs.

Prayer

Please pray that through our Vida Schools many more children and families will come to know and worship the Lord.

Train a child in the way he should go, and when he is old he will not turn from it.
