

Our Mission...

To train Guatemalans for leadership by teaching biblical principles in such a way that they become integrated in their lives and effect spiritual change in their society, and to impact North American Christians for world missions.

Medical Missions

"Rolando's grandmother brought him down from their remote village in the midst of a severe asthma attack. He could hardly breathe. Thank God we were able to diagnose quickly and had on hand a simple Salbutamol inhaler. Within an hour he was smiling and laughing! We sent him home with medications and instructions translated for his grandmother from English to Spanish to Poqomchi"

How can medical missions impact body and soul?

Medical missions treat injuries and common illnesses - but also provide opportunities to pray with the patients! By experiencing the love of Christ in this tangible way, many Guatemalans have begun the journey of coming to know the everlasting love of Jesus!

How will I serve?

You'll provide much-needed healthcare in our clinic, at our schools, or in remote mountain villages surrounding Tactic, Guatemala. Health care may include:

- treating injuries & common illnesses
- wellness checks & screenings
- dental care or vision care
- healthy living instruction
- illness prevention

Medical clinics take place five days a week, with opportunities for other outreach activities in the evenings and on the weekends.

Who can join a medical team?

Individuals with medical or dental training, such as:

- | | |
|-----------------------|--------------------|
| ■ Doctors | ■ Ophthalmologists |
| ■ Nurse Practitioners | ■ Optometrists |
| ■ Dentists | ■ Nurses |
| ■ Dental Hygienists | ■ Chiropractors |
| ■ Pharmacists | ■ Physiotherapists |

How can I sign up?

See www.impactministries.ca/medicalmissions for more information or to apply

Why Medical Missions in Guatemala?

The health care system in Guatemala is significantly under-resourced, and major causes of death still include treatable communicable diseases. Indigenous people have limited access to basic health care, and for many of our Vida School families, basic medical attention is an unaffordable luxury. With the involvement of visiting professionals from North America, Impact Ministries operates a fully-accredited medical clinic in the community of Tactic and provides outreach clinics to the surrounding village, seeking to be a place of holistic care for physical and spiritual needs.
